Business Chequing Account

A First Nations Bank of Canada Business Chequing Account is an operating account for your day-to-day banking needs. It offers the convenience of automated teller machine (ATM), Online Banking, *Interac*® Debit access, as well as in-branch banking. Choose from a selection of Business Chequing Account Service Plans that allow your business to perform regular account activity, including deposits, withdrawals, transfers, cheques, bill payments and *Interac*® Debit for a low monthly fee.

Improved Opportunity for Free Banking

Your monthly Service Plan fee will be rebated when you maintain the required minimum daily closing balance in your account for the entire month.

Business Savings Account

Our Business Savings Account can be the ideal complement to your Business Chequing Account. Whenever you need funds, you can access them immediately – 24 hours a day through FNBC ATM or other ATMs, or Online Banking. This non-chequing investment account offers tiered daily interest. There are no charges to your Business Savings Account for transfers to, or from, any other First Nations Bank of Canada account.

Mandatory requirements for account opening

1. Not-for-Profit organizations

We are required to record whether the organization is not-for-profit and/or is registered with Canada Revenue Agency. If it is registered, we also require the Business Number.

2. Purpose of account

We need to understand for what purpose(s) the account will be used (e.g. day-to-day operation, payroll, etc.)

3. Director Information

For each director of a corporation, we are required to collect and record their name, home address and occupation.

Key things to consider when opening an account

To open an account for your business, we require the following information and documentation to meet legislation and regulatory policies:

1. Legal documentation that confirms the existence of your business

- Articles of Incorporation, Partnership Agreement, Business Name Registration, or Band Council Resolution (BCR)

2. Verification of the identification of the signing authorities on the account

- Two pieces of original identification for each person (identification to include place of issuance)
- Full name, physical address and home mailing address
- Birth date
- Employment information/occupation

3. Confirmation of third party usage

- We are required to determine and record whether the new account will be used for or on behalf of a third party. A third party is defined as anyone other than the account holder or First Nations Bank of Canada¹

4. Identification of business owners

- We are required to determine and record the names of those individuals who own the business
- If your business has a complex ownership structure, we need to know which individuals are the beneficial owners

5. Nature of the business

- We need to understand your type of business and the markets your business serves
